***No Bars, No Grilles,
Just Peace of Mind***

No Bars, No Grilles,

Just Peace of Mind

home
security with
style
and elegance

Unique design features make Crimsafe™ the new look in home security, providing complete protection without compromising your lifestyle.

- Crimsafe's™ clear vision enhances your home's appearance.
- Exclusive security with the strength of Tensile-Tuff™ woven security mesh without the need for bars or grilles, other than for decorative purposes.
- Crimsafe™ filters out harsh UV rays reducing glare and fade.
- Innovative design now enables you to take full advantage of the outdoors.
- Integrated security and insect screen in one for complete protection.
- Proven and tested security for you and your family.

Crimsafe™ can be used for doors, windows and enclosures. A Crimsafe™ Distribution Partner can deliver a solution to meet your design, size and colour requirements.

ultimate
protection for
you
and your family

For the first time, Crimsafe's™ revolutionary home security system combines a foolproof security frame with Tensile-Tuff™, a heavy duty, woven stainless steel security mesh for ultimate protection against intruders and insects.

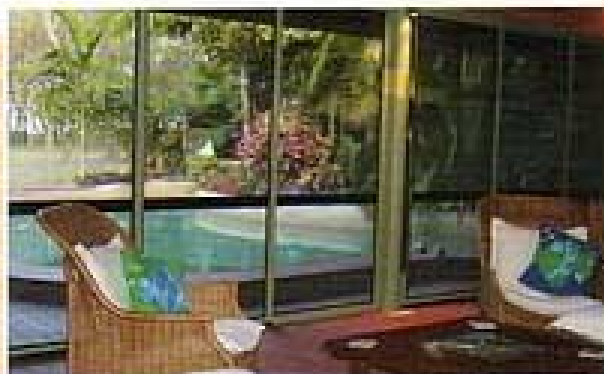

Remarkably, Crimsafe™ also boasts tremendous fire retardant qualities together with protection from severe storms.

security you can count on

Crimsafe™ is a tried and proven product, with the amalgamation of years of experience in producing one of the toughest security systems available for home use, featuring:

- Woven mesh with the strength of Tensile-Tuff™ wire, the strongest woven wire security mesh on the market
- Proven durability and corrosion resistance
- Super strong qualities that rigorously hamper cutting, battering and other forms of attack
- Only Crimsafe™ uses unique tamper resistant TechSafe™ fasteners combined with a patented clamping system that locks the mesh and frame into an integrated security system
- Only Crimsafe™ uses midrails on doors as a purpose built design standard giving 100% extra strength to the door lock
- Crimsafe™ is the original and strongest security product of its type on the market

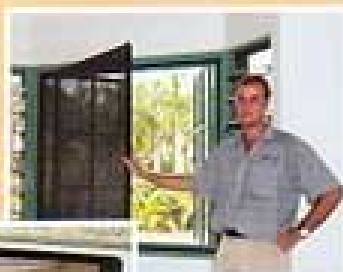

emergency exit for your family

There is a real danger in locking yourself in your home with no easy way out. Safe-S-Cape™ keyless exit systems ensure a fast, trouble free, exit for you and your family in case of fire or other emergency.

Featuring:

- 'One touch' keyless push release action, without compromising the integrity and security from outside
- A choice of models for all window types to suit your needs including outswinging, inswinging and sliding models - all tested to Australian standards AS 4604.1999
- A significant reduction in the spread of fire and radiant heat.
- Easily operated by small children and the elderly
- Avoid the DANGER! Don't lock yourself in - Safe-S-Cape™ will ensure the safety of you and your family in a fire or other emergency situation

- Crimsafe has an emergency exit system for every type of window

Crimsafe™ sets the standard

Crimsafe™ meets current Australian Standards and sets the industry benchmark for credible security without bars or grilles. Some of the standards currently met by Crimsafe™ include:

- AS/NZS 2803 parts 1, 1997 & 2, 1997 for sliding and hinge doors
- AS/NZS 4604, 1999 windows
- AS/NZS 4483.2, 1999 knife shear test
- AS/NZS 4483.1, 1999 dynamic impact tests
- Category 3 cyclone missile impact test (Domestic products)
- Category 4 cyclone missile impact test (Commercial products)
- Cyclone category 4 ballistics test for both Domestic & Commercial products.
- Fire Attenuation Test

don't
be fooled by
cheap
imitations

Crimsafe™ is a patented security system featuring Tensile-Tuff™, an exclusively woven security mesh coupling high tensile wire covered with an extremely durable powder coating.

When combined with an aluminium frame and secured by a specially developed patented mechanical fastening system, Crimsafe™ offers an exceptional security screen for windows, doors and enclosures.

Crimsafe™ cannot be duplicated; cheap "look-a-like" products are inferior and have not passed the rigorous testing standards that Crimsafe™ meets.

Crimsafe™ delivers value for money when only the best will do for you and your family. For further information or an obligation-free demonstration, simply contact your local authorised distributor.
